Officially Recognised for Making Tax Digital by HMRC

SQLWorks Accounting allows businesses and organisations to submit their VAT return to HMRC, digitally, instantly, and without any manual re-keying of data required.

Simply connect your HMRC Account to SQLWorks Accounting, and you're ready to get started. SQLWorks accurately compiles your VAT obligations from your invoicing automatically, populating your Form 100 boxes within the VAT Ledger, and ensuring your quarterly submission is both simple and convenient.

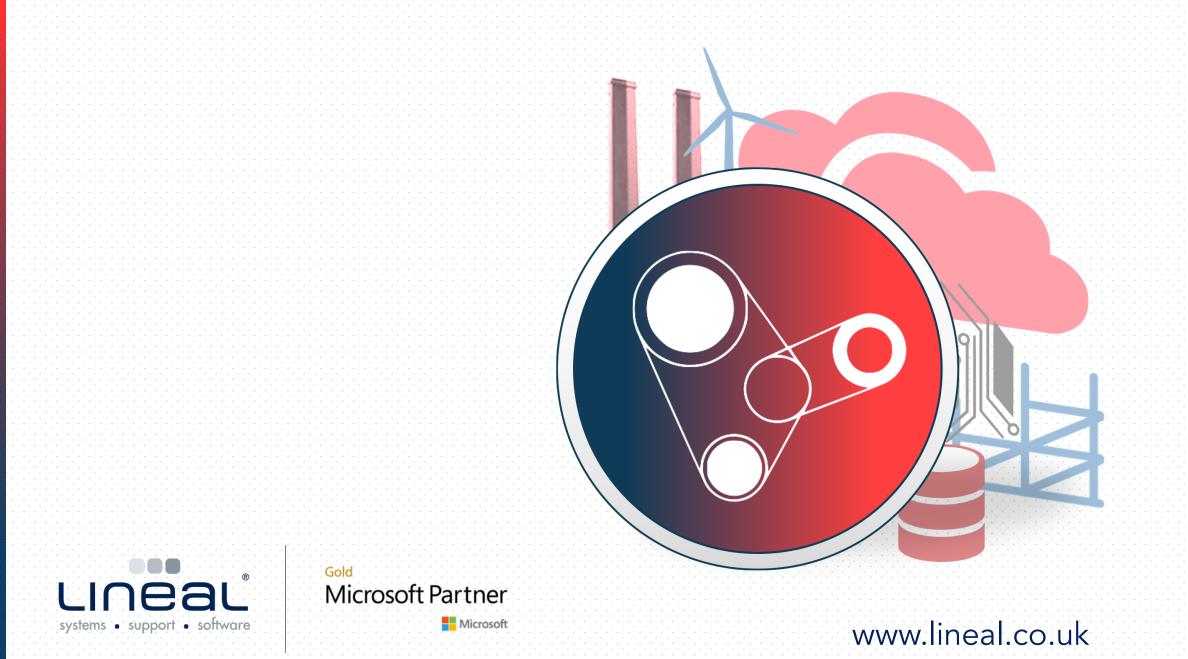

Integrate with your firm's cloud app

SQLWorks software integrates directly with the desktop sync clients of Microsoft Office 365's OneDrive, Google Drive, Dropbox and iCloud, among others for a convenient document management experience.

Visibility of your files, and simple 'drag and drop' functionality ensures your system always keeps pace with your work.
